Dear Friend:

As I am all alone
this morning I will now
try to fulfill my promise.
i.e. let you know how we
are getting along.

Of course it was just as
you said. we had hardly
more than settled oursel-
ves in our room, till six
or seven Franklins came
in and pestered us till 10 oc:
we joined the society next
morning and of course took
it all in last night.

We have been getting along very well, but have to work pretty hard.

Lester Landis has been here a few days and last night he and Saml. went to Lima, to visit the Fenicle boys so you see I am left all alone.

Richland is well represented here this fall. but some say the ^{school} is not as large as it has been already.

We room on main St. south or south east of the University about a square or more, have a very nice place, with very reasonable rent. We board on Johnson St. and thus far have had

Dear Mr. Shubley,
I am answering your kind
letter at an early date &
am sorry to hear from
you that you are making
no more to show as my
no reason to complain.

We have been having
very nice weather all week,
but rain is needed very
bad. They are going
to hold the Fair here
in a week or two think
I will go.

Suppose you had a nice
time at the Farmers
Picnic, and are the socials
still so plentiful. I have not
heard from Richland since
we came out so will look
for a letter from you at
an early date. I have prom-
ised to write to 5 or 6 of the
boys so I will be kept
pretty busy today in that
respect.
